TOTAL POINTS		2	V		4

GREENSOMES MATCH PLAY RULES

- Teeing off: On every hole, both players on each team tee off.
- Selecting the best ball: After both tee shots, the team then chooses which ball is in the best position. This is the ball they will use to continue to use for the rest of the hole.
- Alternate shots: The player whose tee shot was *NOT* chosen hits the second shot. From that point, the partners take alternate turns hitting the ball until it is in the hole or a putt has been conceded by the other team. This sequence is repeated on every hole.
- Winning a hole: The team with the lower nett score on any hole wins that hole.
- Recording scores: In match play, you do not need to record the gross or nett score for each hole, only the WIN, LOSS or HALF.

HANDICAP CALCULATIONS AND ROUNDING

- Use the following formula:
- **THE MAXIMUM COURSE HANDICAP WILL BE 36 BEFORE ANY CALCULATIONS**
- $(60\% \times \text{Lower Course Handicap}) + (40\% \times \text{Higher Course Handicap})$
- Rounding - After calculating each pairings team handicap, the number of strokes is rounded to the nearest whole number.
- If the decimal is 0.5 or greater, round up. If the decimal is less than 0.5, round down.
- **THE DIFFERENCE BETWEEN EACH PAIRINGS TEAM HANDICAP WILL THEN DETERMINE WHERE SHOTS ARE GIVEN OR RECEIVED.**
